June 1st, 2011 to May 31st 2012

Job Fair

On Saturday, February 25th, 2012 Sales Manager/Owner Janet Brown participated in the Page Public Library Job Fair. A table was set up showing the products we sell and talking to the job participants. We had a live broadcast from the Library/ College entrance and helped with the BBQ. We also collected many resumes for future job opening at the station. This Annual Job Fair is the only Job Fair in Page AZ annually, and typically it's for Summer Job opportunities. We are in a Tourist Marketplace that swells in the summertime.

ON-Air Announcements

Station ran on-air announcements stating that these Stations are an equal opportunity employers and that any organization wishing to be placed on the mailing list to learn about any future job vacancies can contact the Stations, as well as how to do so. Both Stations ran these on-air announcements at varied time slots during this period.

Educational Outreach

On January 13th local Boy Scout Troop stopped at the Stations and toured our facilities, and met with our production director Dave Weaver. He's been in the broadcast business for over 12 years, and ~~enjoyed showing the kids our facility. He gave a tour of the facility and shared with the troop how radio works, and about his jobs here at Lake Powell Communications.~~ Each boy did get a chance to record their voice and see how the equipment worked. He answered questions and gave out CD's. He also spent some time sharing with the troop how a Radio Station works and about the various jobs at the stations if in the future if anyone was interested.

On April 18th 2012 we had the local Brownie Troup stop into the stations. We got to record some liners for Mothers Day, and share with the kids about Broadcasting and the Radio Station. Questions were answered and they were very cute and polite. I think most of them had never even thought about how a Real Radio Station worked. These kids asked questions about various jobs here at the Stations. These kids did get an opportunity to actually talk on the air and hear their voices.

Please keep in mind Page Arizona is one of the most Remote places in the Country, and we are now 3 hours from our County Seat. We have only 1 weekly newspaper, no daily options are available in newsprint here in Page. We are a Community of 7000 people, that swells in the summertime due to tourism. Only 1 Job Fair happens annually, and local openings for employment at these Stations don't happen often.
